89 91 91 94 EX 92

VDR Supergrass is an attractive bull with very correct legs. Supergrass adds another outstanding, complete bull from the well-known Sandra family, with the addition of the productive Rita pedigree through his sire, to the portfolio at K.I.Samen. There is still high demand for the Etazon Hyde family, which has supplied breeding bulls such as Slash, Jacuzzi, Reloader and Shakespeare. Via Minos, VDR Holsteins expanded the Sandra line. This family is characterised by exceptionally high lactation values, produced by very correct, problem -free cows.

Well-known Malki daughter Sandra 2 (EX 92) has various good daughters. The performance of her daughter by Bandares, Sandra 5 (EX 90), perhaps most closely resembles her dam. Noting lactation values of 140+, she is making a great impression just like her dam.
