BULL INFORMATION

Name	Adelgaard Collin	Date of birth	2018-07-20
Herdbook number	DK 05344803736	Kappa Casein	BB
A.I.-code	361163	Beta Casein	A2/A2
aAa code	432	Cow family	Adelgaard Bolette
colour	EB	Straw colour	Light Blue
Breed	100% Jersey		

The Danish-bred Jersey-bull Adelgaard Collin (Quintana x Hirse x Lemvig) has a pedigree with superb components, solid conformation and great durability. Collin's maternal line is particularly strong in terms of durability. In addition, this pedigree has already supplied various bulls to an AI organisation.

Collin's sire Quintana is known for his extremely good ability to transmit good component percentages to his offspring, with good scores for durability, somatic cell count and fertility. This calving ease bull also scores higher than average for milking speed and offers the BB gene for kappa-casein and A2A2 for beta-casein. He is equally strong for conformation, and scores remarkably high for the frame traits.

Collin's maternal line is defined by outstanding durability. Collin's great grand dam realised five lactations, his grandmother was good for nine lactations and the figure for his dam now stands at eight. The component percentages of these cows are also phenomenal: all three generations have milk lists with more than 4% protein and around 6% fat. The fact that various bulls from this family have found their way to an AI organisation is proof of the amazing performances of these cows. Samson is one of these bulls. His dam is Irwin Sadie. This 90-point registered cow (who...
