colour	RW
Breed	100% HER
Date of birth	2019-07-05
Gest. length days	
Gestation length	
Calving ease	
Straw colour	Yellow

Amerhof Boss (PP) is an amazingly imposing bull, who already made a great impression at a young age. At the age of just two months, he was the youngest participant at the National Hereford classification 2019 in Dalfsen. At six months old, he was bought by the current owners and moved to Limburg. His dam and sire were both imported from Denmark and originate from one of the world's best Hereford breeders: Moeskaer Polled Herefords.

The sire of Amerhof Boss (PP) is Moeskaer Sonic P, who was sired by the outstanding Canadian bull Remitall SuperDuty 42 S. He has an excellent reputation for the quality of his progeny's conformation.

The dam of Amerhof Boss (PP) is Moeskaer Eudora P, from the Eudora cow family, another well-known name in the world of Herefords. Moeskaer Eudora P was sired by the Australian superstar Days Calibre G74, who was sold as Australia's national champion in 2013 for a record price of $90,000. His grand dam Moeskaer Eudora 1253 -at the age of 13 - recently produced a beautiful calf for her breeders at Moeskaer Herefords and is still excellent condition.

The first progeny of Amerhof Boss (PP) confirm the high expectations of this bull.
