Breed	100% HF		

Red-and-white American Powerpoint Red (Powerlift x Jacuzzi x Finder) is the next generation to carry the American pedigree and he descends from an impressive collection of bull dams. His bloodline is a blend of nationally and internationally proven cow families. His sire descends from the renowned Larcrest Champagne and his maternal line is the well-known DJ Karina family, that originates in the Redspots. PowerPoint's dam, DJ Karina 84, is a full sister of K.I. Samen bull American Ziggy. This highly productive bull dam exemplifies the qualities this cow family stands for: cows with amazing production, sky-high components, very correct legs and good, healthy udders. Further back in the family tree we come across DJ Karina 32 in the third generation - a full sister of American Carnival and a half sister of K.I. Samen bull Silverstone. In other words, a productive family that excels in production traits, flawless conformation and good health traits.
