Name	Ard van de Plashoeve
Herdbook number	NL 728457708
A.I.-code	361202
colour	EW
Breed	100% BBL
Date of birth	2018-03-02
Gest. length days	277
Gestation length	88
Calving ease	134
Straw colour	Orange

Ard is an Adamo son, just like the bull Menno van de Plashoeve. His dam is the half-sister of Alfa and Alfa 2 of Van de Plashoeve. Ard was calved very easily, without assistance, after a short gestation period. He offers a lot of body length.

The breeding efforts of the Van de Plashoeve farm have already resulted in more than 10 bulls at K.I. SAMEN. Bulls such as Noud, Dorus, Bruno, Menno and Bob have all passed with flying colours in practice. All these bulls can be relied on for good calving ease.

That is why we think that Ard, from Alfa's family and sired by Adamo, will also be a good choice for anyone who wants a bull that gives easy calving. Ard scores five stars for calving ease and is a reliable, certain choice.
