colour	RB	Straw colour	Wit
Breed			

Lindt (V Foske x R Fastrup) brings a new daughter proven Scandinavian/Australian Red bull to our portfolio.

Lindt is a production improver in terms of kilos, and based on the Australian scores the fat and protein percentages too. His daughters have good udders, strong legs, powerful loins and a good rump structure. He also scores well above average for dairy strength and is known for a short gestation length.

These traits can all be found in abundance in the cow family behind Lindt: the Beaulands Rosie line. A proven cow family that breeds consistently. He also has A2A2 and aAa 354126.
