PFW code	D	Beta Casein	A2/A2
aAa code	243	Cow family	OCD Soy
colour	ZB	Straw colour	Transparent
Breed	100% HF		

Bey Salito is an impressive bull from a very well known American cow family. His sire, Soysauce, comes from the famous OCD Soy family, which has produced several bulls over many generations.

The maternal line stands out for its high milk components and has been present at Wilra Holsteins since 1961. No bulls from this family have yet been tested in the Netherlands. K.I. Samen therefore wants to test this cow family, with its strong milk components, under Dutch conditions. Besides his sire Soysauce, Bey Salito has several North American bulls in his maternal line: Monteverdi, Einstein and Huey, followed by Legendairy. In addition to his dam, several other cows from this family have produced bulls that became internationally well known and can often be found in different pedigrees.

This is once again an old cow family, but a new one for K.I. Samen. We will test Bey Salito from this family.
