BULL INFORMATION

Name	Big Redstar	Date of birth	2018-01-03
Herdbook number	NL 760577404	Gestation length	270
A.I.-code	361145	Kappa Casein	BB
PFW code	B	Beta Casein	A1/A2
aAa code	543162	Cow family	Super Star
colour	RB	Straw colour	Wit
Breed	100% HF		

Big Redstar (Colorado x Malki x Fidelity) is a well-developed, attractive bull with a robust pedigree: his sire contributes the bloodline of top conformation breeding bull Colorado and through his dam's line he is related to the Super Star family (that also includes Big Winner).

Colorado, Redstar's sire, has a highly reliable inheritance pattern based on thousands of daughters. An examination of their scores reveals that Colorado has a greater tendency to pass on good conformation rather than extreme production. The production of his daughters is good, but where he really excels is in passing on (faultless) conformation scores. Colorado daughters have very good frames, super udders and good legs. This calving ease bull also performs perfectly when it comes to fertility and udder health traits.

Redstar's dam's line equally stands out for the quality of conformation (eight generations of VG or EX cows). Over the years, this Superstar family has proven to be a cow family that breeds well and offers a solid combination of conformation, production and durability. Exemplary of this durability is great great grandam Pinkpop Star 5 (EX 90). With udders meriting 93 points, she produced more than 100,000 kg milk and was one of a trio of half-sisters who achieved this milestone. And,...
