EX 90

Bridge View Drambuie is a beautiful and interesting Brow Swiss bull with a proven cow-family. The dam and granddam are both EX registered cows with very good, narrow and in proportion fat/protein percentages. These cows produce also a lot of milk with high very protein (4%), which can be called exceptional, certainly for American terms.

R Hart Simon Ensign is a bull, who scores very well for management traits, such as somatic cell score and fertility.
