A.I.-code	36965	Kappa Casein	AA
aAa code	534	Beta Casein	A2/A2
colour	BR	Cow family	
Breed	100% G	Straw colour	Purple

De Graslanden Markiem is a well-developed, muscular bull with a deep red coat. He offers an exceptional pedigree thanks to his sire Markant who was born about 30 years ago from a solid breeding line owned by the well-known breeder M. Keur in Garrelsweer. This gives Markim renowned old genes, which make a wonderful addition to today's Blaarkop breeding segment.

Markim's maternal line traces its origins to a highly productive female line with good component percentages. Dam Riem 20 has a dash (12.5%) of HF and is a well-developed, powerful cow with good udders. There is a slight chance that Markim will produce spotted calves.
