Born at and purchased from the Wessinge farm in Doornspijk.
Deluc is the first son by Donnay de St. Fontaine at an AI station. His maternal pedigree can be traced to the famous Pastourelle de St. Fontaine, while on his paternal side he descends from the well-known Picadilly de St. Fontaine. Deluc has evolved strongly, and is characterised by an extremely broad chest with well-rounded ribs, sufficient stature and very strong legs. He is also notable for his exceptional meat quality. Deluc is certain to leave his stamp on today's breeding landscape.
