

- + From the Mark Prudence (EX 95) family
- + Pedigree with reliable, proven breeding bulls
- + Plenty of milk with good components
- + Very good conformation

BULL INFORMATION

Name	Dg Donagh ET	Date of birth	2021-10-14
Herdbook number	DE 1406512511	Kappa Casein	BB
A.I.-code	784647	Beta Casein	A1/A2
aAa code	243	Cow family	
colour	ZB	Straw colour	
Breed	100 % HF		

DG Donagh (Renegade x Charley x Topshot) is a Cogent bull from the Mark Prudence (EX 95) family. His pedigree includes many generations of successful bull sires, while his maternal line is also stamping an increasing influence on Holstein breeding worldwide. For example, breeding bull Topstone and young bull Ranger Red are two names from this family that have recently risen in popularity. They are also closely related to Donagh.

Topstone is a full brother of Donagh's grand dam Donna 2 and Ranger Red is a son by Rubicon Rose (VG 89), the full sister of Donagh's great grand dam Donna (VG 89). The red factor was passed on to Rubicon Rose by Aikman daughter Doreen - the dam of both these 89-point Rubicon daughters. Starting with Doreen's dam Manoa, this line can boast 11 generations of cows ranked VG or EX.

And the level is equally high in Donagh's paternal line. Renegade, Donagh's sire, is being used as a breeding bull and is currently one of the most interesting bulls worldwide. He was already popular as a young bull, so has a high number of daughters. These daughters are productive with very good component percentages and have correct conformation. Renegade also offers a rather uncommon bloodline.
