Dragueur is a very unique bull who arrived via the farm of Henry Pool in Denmark at K.I. SAMEN. Dragueur is a son of Aaron a bull with an impressive listing. In 2009 became Aaron champion on the National show of the Blonde D'Aquitaines. In 2010 he appeared for the third time in a row on the SIA show in Paris and managed to become, after three titles in the individual sections, overall champion. In short, the sire of Dragueur has an enormous potential!

The dam of Dragueur isn't the least one as well. The Orion daughter Sexy is a cow with a huge record on the various shows. She became reserve champion on the National Blonde D'Aquitaine show for example.

Dragueur is a bull who combines fine and lean feet & legs with impressive length and width dimensions. He's a bull who will make the next step within this breed. Dragueur is a bull that can grow to one of the leading bulls in the Blonde D'Aquitaine race.
