## BULL INFORMATION

Name	DV Magician RF	Date of birth	2019-12-04
Herdbook number	NL 593373868	Gestation length	281
A.I.-code	361219	Kappa Casein	BB
PFW code	A	Beta Casein	A2/A2
aAa code	516423	Cow family	Massia
colour	ZB	Straw colour	Geel
Breed	100% HF		

DV Magician rf (Magister x Supershot x Cyclone) is a bull with a huge range of highly sought-after traits. One of these, his aAa code of 516, indicates that he possesses the necessary all-round qualities. Magician rf is also a carrier of the red factor, and the favourable A2A2 and BB protein variants. In his maternal pedigree we come across the famous Massia name, while protein booster Magister features in his paternal bloodline. The youngest three generations of Magician's pedigree are red factor bulls that all merit outstanding scores for udder health, fertility and durability.

Among these specialists for secondary traits is Magician rf's sire Magister. He combines a high milking speed with low somatic cell counts and offers very good fertility and durability. In terms of milk production, Magister is particularly good at improving the protein percentage. His daughters are not particularly large but offer good width. Correct legs and very good udders complete the picture for conformation.

As mentioned earlier, the widely used Massia family forms the foundation of Magician rf's maternal line (the youngest generations have been renamed Madame). The striking feature of the cows in this family is their supreme ease of production and their ability to last for many lactations. In...
