Breed	100% Fleckvieh		

The first progeny of Wolzer are now ready for A.I. service and look very promising. His calves are easy born. The bull shows great dairy character and muscularity and has outstanding feet and legs.

He left an excellent impression when the farm was visited and his outcross pedigree offers plenty of potential.

The Tessi cow family has a good reputation for correct udders and legs, good milk production and super longevity. This cow family is the best at the farm. E. G Wolzer's dam Evergreen daughter Tessi, is the favourite cow in the dairy parlour. She is an easy to manage cow and shows excellent milkability coupled with a lovely temperament. E.G. Wolzer fully matches the prototype of a well built Fleckvieh bull.
