Several bulls from Fabiano's cow family have already entered AI stations – and not without reason. This cow family combines conformation, milk production, and fitness at a high level.

Granddam Countess had 12 calves and nearly 90,000 litres of lifetime production. His dam Gams was crowned Overall Champion at the 2018 Pinzgauer Show in Maishofen, Salzburg. Fabiano passes these qualities on to the next generation – the first daughters in milk are therefore very promising.

Fabiano sires easy calvings. He is also a very strong fertility improver, scoring well above average for conception rates. Fabiano is a valuable addition to the Pinzgauer segment. An additional advantage is that he is A2A2.
