A.l.-code	36797	Kappa Casein	BB
aAa code	246	Beta Casein	A2/A2
colour	EB	Cow family	
Breed	100% BS	Straw colour	Grijs

Fiorog is a combination of dam Fiorella and sire Emerog. Fiorog's sire Emerog is from a well-known German Brown Swiss family with a solid background. He also shows good figures at the functional traits daughter fertility and somatic cell counts.

The maternal line is probably the most famous Brown Swiss cow family of Germany. Grand-dam of dam Fiorella is the famous Vinos daughter Fuchsi. She scored the maximum conformation score in the former German scoring system.

The German Fuchsi family is known for their high milk production combined with sky high components and top conformation. Grand-dam and great-grand-dam both produced over 4% protein! This family also delivered the first breeding bull at the German bull charts, a great grandson of Fuchsi. The grand-dam of Fiorog, Fabiola, scores very good for milking speed.

The Fuchsi family also brings champions. One winner is Starbuck Fanfare. She won many times the ribbon in Germany and in Europe.
