Grashoek Massimo (Bolt x Solero x O-Man) is a bull with plenty of dairy type and a nice balance. His pedigree lists a succession of reliable protein bulls, whose daughters show great progression over their lactations and persistent milk production. Thanks to the protein and production capacity of his maternal line, Massimo can certainly be expected to provide offspring with good output and revenues.

Massimo's sire Bolt can be described as a very solid bull. His practically faultless production (with a bonus for protein) and conformation inheritance pattern (including correct udders) are proof of this, as well as his very good scores for udder health and fertility. This is based on a high number of daughters, the oldest of which are already on their fourth calves.

Massimo originates from a maternal line with a famous name - the Massias. This to date successful cow family, especially in the red-and-white segment, stands for robust conformation and good component percentages. One of the best-known cows from this pedigree is the excellent Massima 21, among others the dam of bulls Curtis and Kairo. Via a full sister of these bulls we arrive at Massia 172, Massimo's grand dam. With lifetime production topping more than 65,000 kg of milk and an average lactation value of 118, she has...
