BULL INFORMATION

Name	Heuvel Cerny	Date of birth	2016-01-12
Herdbook number	NL 718454131	Gestation length	281
A.I.-code	361070	Kappa Casein	AA
aAa code	153462	Beta Casein	A1/A1
colour	ZB	Cow family	Geertje
Breed	100% HF	Straw colour	Rose

Heuvel Cerny (Malki x Paramount x Olympic) is a bull with various outstanding traits. He is free from O-Man, Goldwyn, Shottle and Planet and has particularly good durability in his pedigree. Moreover, he is a descendent from the very successful Geertje family (from the A.I. bull Suarez, Emanuelson and Vertonghen rf, among others). Las but not least, Cerny can be used as a correction bull with his aAa code (153) for extremely small cows.

Not only does Cerny have a very successful maternal line, but the cow families in his paternal line have also ensured attractive results. Cerny's sire Malki is a Maik son from the Anna Jacoba family from the Knoef Family. The two oldest K.I. bulls from this cow family, Sentaro and Malki, succeeded immediately in becoming proven sires. Cerny's sire Malki scores points for a very balanced production and conformation index (with excellent udders and feet & legs, for example). In addition he scores exceptionally well for somatic cell count, fertility and durability with his unique aAa code (165423).

As described above, Cerny has a particularly successful maternal line. Cornerstone cow in the Geertje family is Cerny's great-grand-dam Geertje 265 (E 90), who realized a lifetime production of more than 80,000 kg milk with 3,80%...
