IJdel is a well developed, long, dairy character bull (Super Maxi x Opium). IJdel is a red witrik (lineback) bull with different pedigree. 75% is Holstein and the remaining part is a bit of Ayshire- and Guernsey.

Sire Super Maxi inherits a lot of milk and is an outcross bull. His daughters have capacity with functional udders and feet & legs.

The dam line of IJdel is the witrik (lineback) cow Reigerbek. She is a daughter of "percentage" bull Opium. Opium is a bull with very good udder and feet & legs. Reigerbek has a very good udder and produces milk with high percentages. IJdel is the second son used by K.I. Samen. His older brother Taxus got already numbers. So inherits Taxus very high percentages with an all-round conformation.
