Impair is a bull who was born on the Touillon de Palinges breeding farm (Department Saône & Loire) Impair is a meat typica bull with very good feet & legs and a good rump. This bull has a straight, well-muscled back. In addition, he has a good temperament.

His sire Estival is a fine bull, who breeds very good bulls for fattening. His daughters are larger than average sized and have good rumps. The udders of his daughters are also above average.

The dam of Impair: Furka is a real meat cow. She could easily reach the 550 kg carcass weight if she were to be fattened up a bit more. Furka is the daughter of the bull Ulm. He is a top bull from the Vadrot breeding farm. Furka's mother, Baraka, is an exceptional cow. Baraka won first prize at the 'Beef Festival' (Festival du Boeuf). She had a carcass weight of 619 kg meat.

Impair is a bull who is indispensable when it comes to the art of purely improving muscling. He is very useful as a cross bull given the relatively light weight calves that are born.
