Breed	100% FH		

Isodorushoeve Bonne 5 (Isodorushoeve Adema 13 x Haubois Bertus) is a 100% FH-bull with a fine stature and length with super feet & legs. In his pedigree we find genes out the well-known Blitsaerd farm.

Sire Isodorushoeve Adema 13 is a, with VG 87 points registered, son of Rivella 147 out the VG 88 points registered Roosje 105. This Roosje 105 was known for her very good udder and feet & legs. She realized 8 production lactations with high protein percentage.

Also via the dam line gets Bonne 5 supported by very good lifetime. So produced dam Bontje 31 eight lactations and became 11 years old. Bontje 31 produced milk with high percentages and her lactation value was between 111 and 128. Her 2 daughters realized also high percentages with very good conformation (VG 86 and VG 87). Besides this became a son (Bonne 1) of Bontje 31 proven bull. The daughters of Bonne 1 have a very nice character with very good udders and feet & legs.
