Ivy Oaks Rufus Porter-P is a Jersey bull we imported from the USA. This bull is also a result of cooperation with Triple-Hil Sires. Only female sexed semen from Porter P has been imported.

Porter P is a very complete bull, matching width with wonderful balance and dairy type. As his name suggests, he is also heterozygous polled. Porter P descends from Rufus x Oliver P x Impulse. His aAa code is 561342 and he is also A2A2.

Porter's cow family is a proven line in the USA. His third dam is the famous Hawarden Jace Pix EX 95, backed by four generations of Jersey cows ranked excellent. This cow family produces with utmost ease and has higher components than the average Jersey from the USA.

All these benefits make Porter P an interesting proposition for selections!
