Joueur is a bull with a fine pedigree. His dam Bavaria is a daughter of Rau, who has produced more than 2,500 productive daughters in the Netherlands. Bavaria produced in excess of 7,500 litres in her first record with more than 3.50% protein. Bavaria also offers a unique combination of very good udders and good muscularity. His grand dam achieved a top performance with almost 12,000 kg of milk in her third milk yield record and also more than 3.50% protein.

His sire Waldfeuer is a resounding name in the Fleckvieh world. He is a good maiden heifer bull who passes on good udders and great milk production. Waldfeuer is a true all-rounder, with no gaps in his inheritance pattern. Joueur is well developed with the accompanying muscularity. In view of his pedigree he could give lighter births. In summary, Joueur is bull you can use with the fullest confidence and expectations.
