colour	EB
Breed	100% BA
Date of birth	2014-04-02
Gest. length days	
Gestation length	
Calving ease	
Straw colour	Dik Geel

JUNIO is an imposing Blonde d'Aquitaine bull! His sire is Elvis. JUNIO has been classified as RRJ * at the Casteljalous station and is registered with an 84A score which is an exceptionally high ranking. His performance at the agricultural show in Paris and taking top place at other shows proves the quality of this score.

His dam Falbala is a well-developed, productive cow and has produced some wonderful progeny.

Calves produced by JUNIO are normally born easily. Several of his sons have also been tested at Casteljalous with good results. His male offspring are well developed, with superior hindquarters and great muscularity. His female calves mature early and show a balance between development and muscling, with a lot of body length and good, wide rumps. The first of his daughters have already calved and show good production.

JUNIO's good French index score confirms the quality of his progeny!
