A.I.-code	782136	Beta Casein	A2/A2
aAa code		Cow family	
colour	DK	Straw colour	Red
Breed	100% NOR		

LIDOUX is a quintessential dairy type example of the Normande breed. He is very well built with a good topline and very good feet and legs. In Happy Isy, LIDOUX has an uncommon sire, who improves milk and legs.

Hamoureuse, who features in LIDOUX's maternal pedigree, ranks VG 88 and is a very correct type with a great production urge. Hamoureuse is a strong, well-developed cow, who produces plenty of milk with ease. Grand dam Ecremeuse is a cow with an integral potential for longevity and the ability to reach a high age.

LIDOUX gives normal calving ease, so is less suitable as a bull for use with maiden heifers. However, LIDOUX will pass on A2A2 and BB.
