## BULL INFORMATION

Name	Manna Farm Del Santo	Date of birth	2015-08-10
Herdbook number	AU 1386733	Kappa Casein	
A.I.-code	768975	Beta Casein	A2/A2
aAa code	513426	Cow family	Manna Farm D
colour	ZB	Straw colour	Grijs
Breed	100% HF		

Manna Farm Del Santo is the first Australian bull that K.I. SAMEN Nederland has brought onboard. The bull is strongly built and is not too big. Delsanto already has daughters from proven bulls in Australia lactating and they seem to have very high percentages. With an average of 1,300 daughters in lactation it means that Delsanto can easily be referred to as a well-tested bull.

We can also easily talk about him an outcross bull given that his sire, as well as his dam's sire and great dam sire, have never been used in the Netherlands. Deslanto is well-known in Australia among all bulls with bull daughters. In the entire list of bulls with daughters he comes a well-deserved 8th place.

Delsanto scores good for temperament and workability of his daughters and even scores well above average for resistance to mastitis. Fertility of the sperm of Delsanto also scores above average in Australia. Given the tough conditions in Australia he has managed to perform quite well. Delsanto is a bull who delivers a good, efficient producing dairy cow. He is a bull who is perfectly suitable for the grazing segment.

Delsanto is a top Australian bull with more than 1,300 tested daughters and belongs to one of the best in his country of origin. The answer for anyone looking...
