BULL INFORMATION

Name	Matts	Date of birth	2015-10-27
Herdbook number	NL 622877196	Gestation length	282
A.I.-code	361067	Kappa Casein	AA
aAa code	435	Beta Casein	A1/A1
colour	BR	Cow family	Mathilde
Breed	100% G	Straw colour	Yellow

The Red Groningen Blaarkop bull Matts, raised by the Verdegaal family in Oudendijk (NL) is a milk typical son of the good production and longevity inheritor Willem 5. Therefore Matts also has the same sire as Bertus 12.

The dam of Matts, Mathilde 107, is a fine production cow with around 4% protein, just as her own mother. The dams' sire of Matts is Bayershoeve Piet is a good production inheritor with some HF blood. Great-grand dam Mathilde 41 produced around 100,000 kg milk.

This makes Matts a modern Groningen Blaarkop bull with a fine production tendency and the desired Blaarkop qualities.

The bull Matts can produce spotted calves, without the white colored heads.
