 Breed 100% BBL  
 Date of birth 2019-01-01  
 Gest. length days  
 Gestation length  
 Calving ease  
 Straw colour Paars

## TRIMIX EASY 120

*Good calving ease and a higher conception rate!*

**Jaap 2 van de Plashoeve, Eltin van Maris, Shaun van de Graashook.**

Mixing semen from these three similar bulls creates competition between the sperm cells, which increases the chances of conception. In addition to the higher conception rate (greater certainty of +3-4%), the combination focuses specifically on good calving ease.
