colour	EG
Breed	100% BRA
Date of birth	2010-09-02
Gest. length days	293
Gestation length	
Calving ease	
Straw colour	Yellow

Mr. Valley Starlight is a grey Brahman bull. Starlight is not as large as Binksboy, though he possesses good meat characteristics via his family.

The Brahman race excels in growth on the basis of very low energy feed and the meat is valued due to the health and taste qualities. Starlight has a very good sire from whom, unfortunately, little breeding data is known. Though, the grand sire on his father's side has a fat plus for yearly weight and carcass weight.

A black & white photo of the sire of Starlight is shown here below. Starlight is 100% registered, just as Binksboy is, and is now available for reservations.
