Nico 1 (Nieuw Weert 7 x Robel x Ajax 115) is a very well developed, typical bull with very good feet & legs. In his pedigree we find high protein percentage with good feet & legs. There were the sire excels in frames shows the dam line very good udders. In Nico 1's pedigree we find the famous breeding-cow Jolanda 94 back.

Nico's sire, Nieuw Weert 7, is a bull with a beautiful production-index. He inherits a fine milk production with a small lowering of the fat and an improvement of the protein% . On conformation level scores Nieuwe Weert 7 average for udders and improves a lot on frame, dairy composite and feet & legs.

The dam of Nico 1 is in the MRIJ population the famous Jolanda-family. This family realized over 5 generations an average conformation-score of VG 85 with all cows around the 4% protein. Most important cow in this family is granddam Jolanda 94, a super breeding cow. This Jolanda 94 is the dam of an impressive group of daughters and (proven) sons. For example Jolanda 54, the dam of Nico 1, two full sisters and Dino-daughter Jolanda 130 (VG 87). This Jolanda 130 is the dam of K.I. Samen bull Rik and is the full sister of proven bulls Duisenberg and Domien. Other sons of Jolanda 94 who became proven bull are Martel (tested in the Netherlands) and the German bull...
