colour	ZB	Cow family	Silvia
Breed	100 % HF	Straw colour	Red

Central rc is an extremely attractive bull from a proven cow family with a deep pedigree that has not been used until now. Successive generations of the Nieuwenhof Silvia line are characterised by fantastic heavy and very strong dairy cows. Even on tight rations they have the ability to achieve well above average production and age with ease. Silvia 141, Central's excellent ranked dam by Malki, is an imposing individual. The other names in the line are Kindness, Luc (Tugolo x Jubilant) and then Erasmus. This collection of proven genes, combined with the finesse contributed by his sire Centrum, has resulted in the stylish red-factor carrier Central.
