colour	EB	Cow family	Jola
Breed	100% BS	Straw colour	Oranje

Oelhorst Ak Bh Jolmer is a powerfully built Brown Swiss bull with very attractive lines and merits aAa-code 462. Imported as an embryo and born in the Netherlands, Jolmer (Joe x Denver x Starbuck) boasts a completely Swiss pedigree of the highest calibre. His pedigree was shaped by dedicated breeding goals and his family tree lists a very famous lady in Brown Swiss circles. No one less than the legendary Jolahofs Starbuck Jola (EX 95) renowned for her numerous successes in both male and female lines.

And Jolmer's sire Joe also has very reliable figures to his name. This bull, now aged nine, has ranked among the top flight of Brown Swiss bulls in Switzerland for years, mainly thanks to his all-round inheritance pattern. Joe has a fine production index which he combines with impressive figures for somatic cell count, fertility and durability. In terms of conformation, the good legs and very good frames stand out. He is considered one of the best rump inheritors (wide and gently sloping) of his breed.

While Joe scores well enough, but not spectacularly, for udders, Jolmer's maternal line certainly makes up for this. His dam, grand dam and great grand dam have an average score of 96 points for udders! Jolmer's dam was given 94 points for udders, his great grand dam scored 97...
