The American bull Pa-Red-Rock CH Cash RF (Chelios x Storm Neil x Advent), is a great alternative for both the black-and-white and red-and-white populations (especially for fans of top class conformation). With a pedigree that excels in conformation, carries the red factor, an outcross pedigree, A2A2 for beta-casein and an aAa code of 516; Cash has certainly been blessed with some extremely interesting traits.

Cash's sire Chelios is a bull of international allure, among others in the show ring circuit. Given his strong capacity to transmit good conformation, it is hardly surprising that he has already produced many champion daughters. These cows really stand out for their very good frames, super quality udders and correct legs. In addition, Chelios also passes on good production traits and good scores for durability so his attractive daughters also have the potential to realise high lifetime production.

Cash's maternal line shows many similarities with his paternal pedigree. This line also features durable cows with high lifetime production and super conformation. His dam's line holds no fewer than 13 generations of VG or excellent cows, with 10 of these 13 ranked excellent. In addition, almost all these generations of cows achieved lifetime production ranging from 50,000 to...
