The most striking aspect of red factor bull Pacman rf's pedigree (Prince x Fidelity x O-Man) is that it exclusively lists the very best bulls of their respective years. His maternal line features impressive names such as Tops, Very and Silver. A carefully crafted maternal line regarding elite bulls, and certainly concerning the choices made in mating combinations. All the cows in this line, dating back more than 15 years ago, are the result of carefully planned aAa matings. The result: high figures for lifetime production and a female line where, in the case of Pacman rf, the three youngest generations are still alive and kicking.

The chief characteristic shared by the cows in this line of Wiepkjes may be not their attractiveness, but rather their sterling conformation. Cows with solid udders, very good legs and super frames. We have to retrace our steps seven generations to find cows where this conformation is represented in figures – to be precise Ned Boy daughter Wiepkje 20, who scored 87 for overall conformation and noted lifetime production excess of 80,000 kg of milk. She was the last cow to be clasified in this line. But back to her living descendants – the oldest of these is the great grand dam of Pacman rf, Wiepkje 44. This Tops daughter has almost reached...
