colour	ZB	Cow family	Pietje
Breed	100% FH	Straw colour	Brown

Piet Adema 180 (Holwerda Thierry x Piet Adema 141 x Jupiter 214) is a well developed, 100% FH-bull with a strong frame and a pedigree which guarantees good conformation and protein percentage.

Sire Holwerda Thierry (Holwerda Amaroz x Willy Keimpe) is a beautiful (Ex 91) build bull with a great longevity. The dam of Thierry, Minke 15, realized a lifetime production of more than 100.000 kg (220.000) milk. The daughters of Thierry are late in development, have super feet & legs and very good character. Only at the farm of Piet Adema (Veerenhuis) delivered Thierry already 3 Ex cows! Besides this is the somatic cell score and fertility of these daughters super!

The dam of Piet Adema 180 exists of cows with good conformation and very good productions. The first 6 generations cows have all a conformation between GP 83 and VG 86 points. These cows realize high lactation values with very good percentages. Dam Pietje 564 and granddam Pietje 501 for example achieved average lactation values of 115 and 110.

Piet Adema 180 has a producing full-sister. It concerns Pietje 600, registered with VG 86 points with very good production. In her first 2 lactations realized she a lactation value of 111 and 113 with high percentages.
