From a distinctive family of deep black cows that offers an alternative pedigree and very efficient transmission traits. This perfectly sums up Plataan Fortissimo (Matters x Maple Wood Brewmaster x Mascol). After having supplied the current breeding bulls Friday and Floris, the Fridas have a new offering in the shape of Fortissimo, sired by Matters.

His dam, Plataan Frida 7888, is a carbon copy of her dam, foundation cow Frida 1. A great urge to produce milk, good lifetime production, strength and claw health are traits that are embedded in this line.
