

Alger Meekma

Breeder: Mts. Pinkert-Burgers, Markelo

- + Improves milk production, fat and protein
- + Allround, good conformation
- + Red factor
- + Beta casein A2/A2

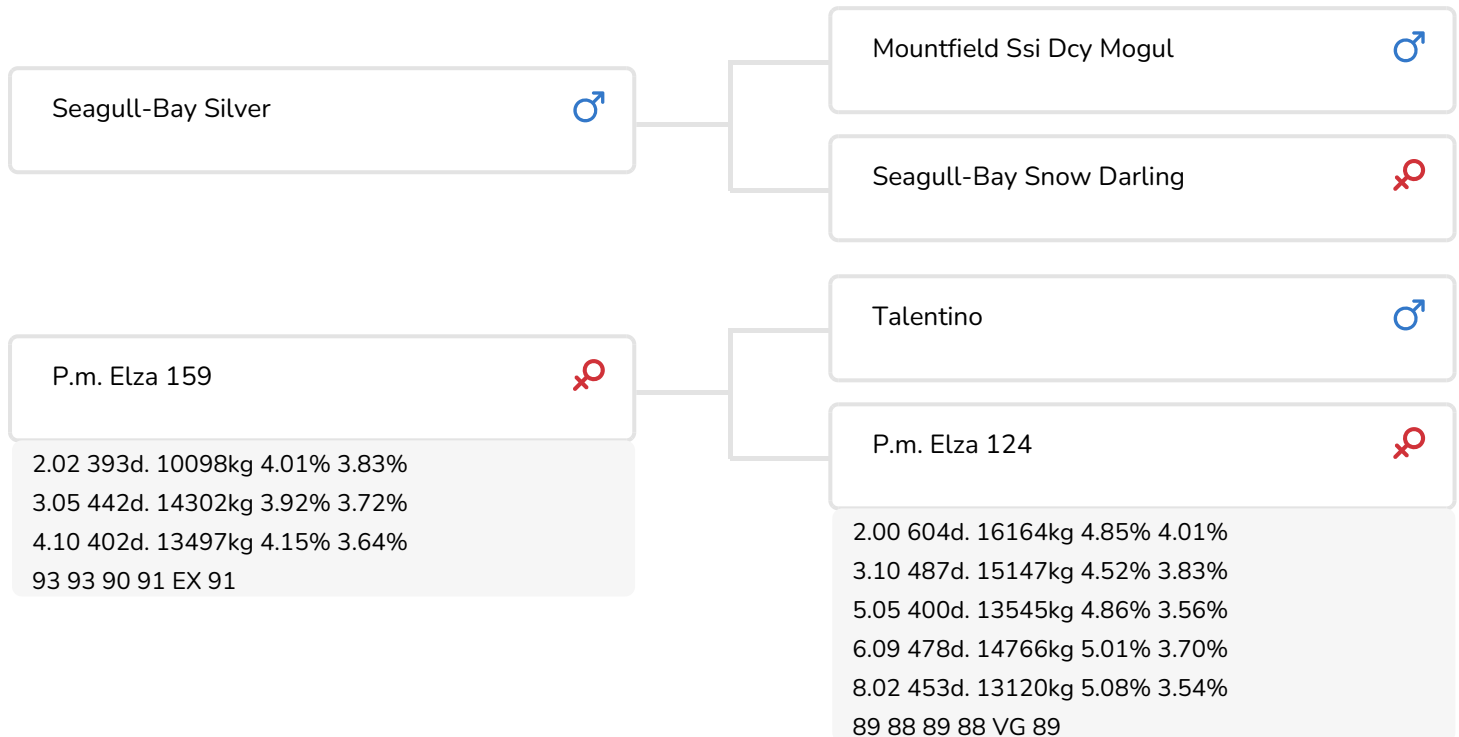

PM Annie 224 (s. Elver rf)

Owner: Mts. Pinkert-Burgers, Markelo (NL)

BULL INFORMATION

Name	P.M. Elver	Date of birth	2017-05-17
Herdbook number	NL 681804278	Gestation length	279
A.I.-code	361136	Kappa Casein	AA
aAa code	243	Beta Casein	A2/A2
colour	ZB	Cow family	Elza
Breed	100% HF	Straw colour	Groen

Fabulous conformation, the red factor and A2A2 are just a few of the traits that are attracting plenty of attention to the wonderful P.M. Elver rf (Silver x Talentino x Classic). Sired by a king of conformation, Silver, and with the famous line of champions the Elza family in his maternal line, Elver rf carries the promise of amazing conformation in his pedigree. Following in the footsteps of Red Torpedo (also a member of the Elza line), Elver rf is the second bull from this pedigree to be tested by KI.

As already mentioned here, Silver, Elver sire, passes on phenomenal conformation traits. He is able to vastly improve all conformation traits to an extensive degree and has exceptional scores for udders. He also adds value in terms of performance, contributing generous milk production combined with higher than average components. His progeny also inherit good milking speed partnered with a favourable somatic cell count, and very good scores for claw health and durability.

The cows in the Elza-family, who we come across in Elver's maternal line, show many similarities with the traits offered by his sire Silver. They also have impressive conformation and produce milk that is rich in components. This line has already produced the breeding bull Red Torpedo. Both bulls have a common...
