RIDGEDALE GCHIP FELON (Gold Chip x Linjet x Lieutenant) is a new bull from Triple Hil Sires who is available for Europe. Felon is almost completely black, very stylish and offers A2/A2 for beta-casein and a rare aAa code of 216.

Felon was sired by Gold Chip, the famous Goldwyn son from the Barbie family. He is known for passing on wonderful conformation. He has bred show winners all over the world who improved at every lactation.

Felon's maternal line is also very impressive. Five excellent cows in succession (EX96-EX92-EX92-EX95 and EX90) who all have high lifetime production. Felon's dam is described on the Triple Hil website as “Breeding a 96-point cow is an impressive feat. Breeding one that produces over 200,000 lb of milk, has incredible components, wins at the shows, and lives to the ripe old age of 16 years... now that is a cow!”

Unfortunately, Felon suffered major injuries from an accident during mating and has never been photographed, but his breeding qualities have not been affected!
