Our partner in the USA, Triple Hil sires, describes SCENIC-VISTA RDEL RADIX-ET (Radix-P rf) as their newest star (Rex-PP-Red x EX-94 Pronto x EX-92 Durham x EX-94 Charles)! This son of Rex-PP-Red hails from a "hidden gem" cow family in south west Pennsylvania. Radix is a wonderful blend of his sire's round traits and his dam's amazing dairy type and angularity. Pronto Lynita is a cow that unites it all in a single package: gorgeous confirmation, great production, super high components, fertility and longevity.

This cow family is famous for its fertility and longevity. The 3rd dam of Radix-P, Elk-Lick Charles Ardel, reached the age of 18 and produced 15 EX and 19 VG daughters! Her Durham daughter also lived to be 12 years old and noted great lifetime production including high components. This incredible will to live is shared by Radix's dam, who is 12 years old and still a productive herd member.

With his impressive and proven parentage on both sides of the pedigree and the wonderful qualities he shows, Radix is a very interesting bull. He has aAa code 561423, in addition to carrying the red factor and is heterozygous polled.
