| colour | ZB | Straw colour | Light Blue |
| Breed | 100 % HF | | |

Skymaster's name references the sky high achievements of his cow family. The extremely impressive lifetime production and remarkably good cows in his maternal line give him a rock solid, reliable and refreshingly new foundation. Dam Hennie 63 is among the fastest cows in the Netherlands to yield 100,000 kg of milk - in a staggeringly short 2700 days! His grand dam is a cow of the same high calibre: 100 and 10-ton Hennie 49 (s. Shogun). Several cows with 80,000 kg of lifetime production can also be found further along in lineage of this cow family. Both his dam and grand dam are still producing milk. His grand sire Ricol is a home-bred bull with Mascol x Olympic x Ronald in his pedigree. Longevity is firmly embedded in the heritage of Skymaster!
