Alger Meekma

Breeder: Mts. G + G ter Mors-Bruggert, Haaksbergen

- + First Dutch Jersey bull from K.I. SAMEN
- + Super insemination performance
- + Dam's lifetime production > 95,000 kg milk
- + Super legs and cows suitable for robot milking
- + Daughters meet the expectations
- + Used worldwide
- + Beta casein A2/A2 and aAa 165

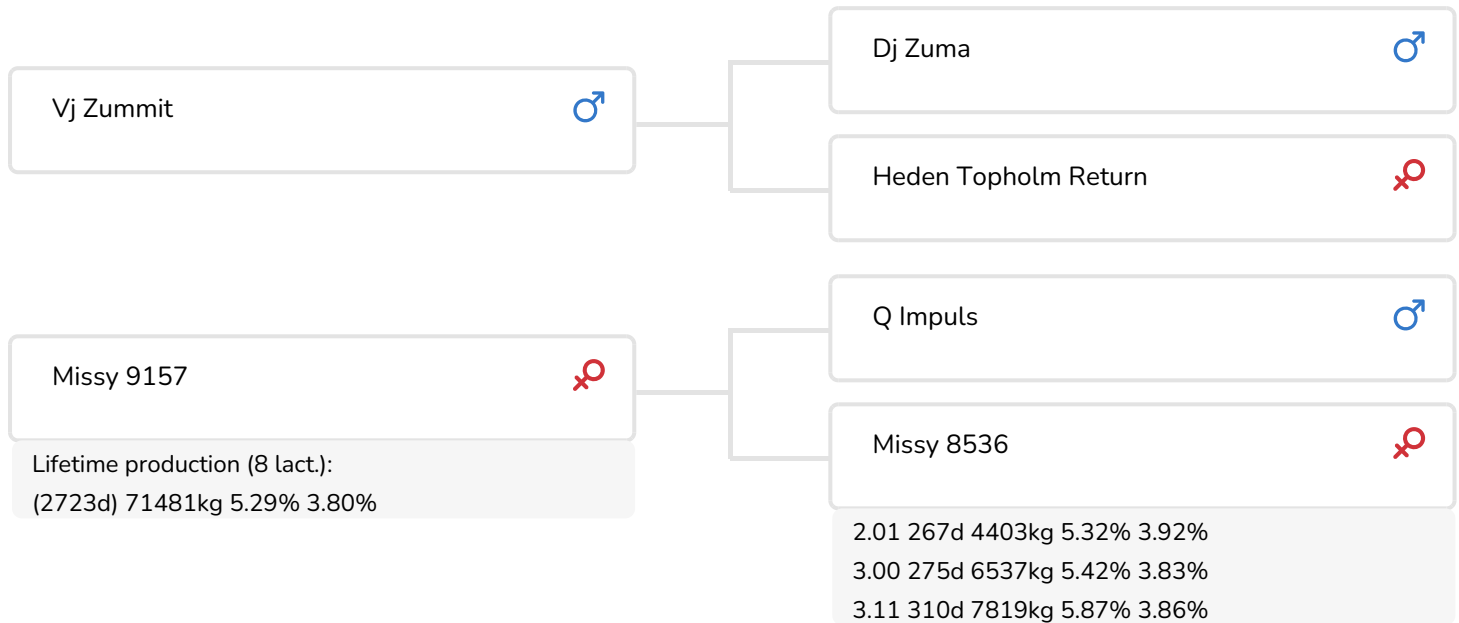

Alger Meekma

Bossink Dies 57 (s. Sullivan, 50% Jer./50% RHF)

BULL INFORMATION

Name	Sullivan	Date of birth	2017-02-25
Herdbook number	NL 664794882	Gestation length	285
A.I.-code	361129	Kappa Casein	AB
aAa code	165	Beta Casein	A2/A2
colour	EB	Cow family	Missy
Breed	100% JER	Straw colour	Transparant

Sullivan is the first Dutch-bred Jersey bull to be tested by K.I. SAMEN. Mts. Ter Mors-Bruggert has focussed heavily on Jerseys for many years and imported Jerseys from Denmark many years ago. They then followed a consistent breeding strategy using the best available bulls. Sullivan's sire is a very well-known top name, who combines fantastic production with a very good somatic cell count.

His dam is a super dairy cow, suitable for any farm. She produces copious volumes of milk with ease and combines this trait with very good fertility. Since the milking robot was introduced to the farm in December 2017, the production of Missy 9157 has risen again. She, and her daughters, all perform well with the robot. She stands out for her superior legs and hard claws, partnered with an udder that is ideal for robot milking systems.

Sullivan is a very good bull, who also offers A2/A2. Choosing Sullivan is not a leap of faith, but a solid and reliable choice. Good luck with this top bull from a magnificent family!
