BULL INFORMATION

Name	Urstromtal Napoleon PP	Date of birth	2015-08-26
Herdbook number	DE 1272415982	Kappa Casein	BB
A.I.-code	361160	Beta Casein	A2/A2
aAa code	561	Cow family	
colour	EB	Straw colour	red
Breed	100% Jersey		

Napoleon (PP) (Nikon x Brendon x Gold Medal) is a Jersey bull with many positive characteristics. He has A2A2 for beta-casein and BB for kappa-casein. In addition, he carries the extremely rare aAa code of 561 and all his offspring are born polled (homozygous polled). The picture is completed by a pedigree rich in protein.

Napoleon's sire Nikon is an American Jersey bull with the heterozygous polled gene. Nikon truly excels in his ability to pass on fabulous components and his descendants will also boast great udders (especially good rear udders) and very good legs.

Napoleon's maternal line also offers very good conformation and high component percentages. His dam Evita, with her stunning conformation that merits 91 points, even won second place at the national classification event in Germany. She has achieved the highest number of lactations on an organic farm and her dam Emily (VG 87) has topped all the lists. Both were sired by American Jersey bulls, and further down their lineage we also find Danish Jersey bulls. A half-sister of Napoleon, Evett, also made a career as a bull dam. In her first two lactations, this 87-point Miro daughter produced an average of 9430 kg milk, 4.74% fat and 3.84% protein.
