PFW code	C	Beta Casein	A1/A2
aAa code	321	Cow family	Paris
colour	ZB	Straw colour	Pistachio Green
Breed	100% HF		

American breeding on Dutch soil!

The well-known Siemers Paris line has already produced several breeding bulls. Now K.I. Samen also offers a bull from this line with the black Reno Raines. His dam Denver Paris is the foundation cow and outstanding brood cow behind a large number of offspring, both male and female. She is the dam of “Global Cow 2023” winner Lambda Paris and grand dam of Prada and Parfect. In combination with sire “Outcross Sire of the Year 2019” Renegade, our Reno Raines was born on Dutch soil. This finely built bull with correct legs, given the production drive of his sire and cow family combined with excellent conformation, can do very good work on more roundly built cows.
