Visstein 3STAR Iconic Red P is an addition to the polled range at K.I. Samen. His dam, Visstein 3STAR Adiva Red, is an impressive daughter by Crown-Red and a half-sister of K.I. Samen bull Davy. As well as Adiva Red and her dam Willsbro Nugget Aderyn RDC (VG 86), two of her half-sisters have also been used as bull dams.

Further back in the family tree, the name KHW Durham Altitude (EX 95) appears. Through her many daughters, sons and grandsons she is related to bulls such as Jotan, Acme rc and more recently K.I Samen bulls Adam Red and Alphaman Red.
