BULL INFORMATION

Name	VVH Kallisto Red	Date of birth	2011-05-09
Herdbook number	NL 546428229	Gestation length	285
A.I.-code	36889	Kappa Casein	BE
aAa code	534162	Beta Casein	A1/A2
colour	RB	Cow family	Josefien
Breed	100% HF	Straw colour	Bruin

VVH Kallisto Red (Kodak x Canvas x Lightning rc) is a bull with a balanced build frame (aAa 534) and very good feet & legs. These two features are clearly present in both his maternal and his paternal line. Two 'new' Dutch cow families (the Jantje's and the Josefien family) who perform very good in the male line as well.

Kallisto Red's sire Kodak (and Kodak's full brother K.I. SAMEN bull Jacco) are both very good all-round breeding bulls. Kodak scores the highest NVI score, due to his slightly higher figures for production and longevity. The longevity score, for this calving ease sire, is extremely high. His production and conformation breeding pattern is solid and all-round, in which his plus for protein and his good score for feet & legs attract the attention. Finally his positive secondary traits (SCS and fertility) have to be mentioned as well.

The Josefien family, Kallisto Red's maternal line, is a new bull dam worthy family with several generations of VG bull dams. This very productive Josefien family has already been successful in delivering top bulls. Bulls like Leola (full brother of Kallisto Red's dam Josefien) scores high for NVI and also the figures of the bull Leopard (full brother of Leola and Josefien) and Jubilee are very appealing. Very striking for...
