Wacko van het Beekhof (Neuf 4950 RY Neuf Moulin x Opium de Cocquenee) is a top bull. At an age of 11 months he was already 1,27cm (11cm above standard). Besides his size also the weight was in line with this good performance – 598kg at 11 months!

From birth onwards Wacko was an unique appearance between the bulls in his category due to his weight and development. Wacko's performance is not unique, two full sisters reached at mature age weights of more than 1000kg.

Wacko can be used on a wide scale. He has an extraordinary origin and darkblue colour. Without any doubt this bull can be used on all actual pedigrees. For those who are looking for economical results, Wacko is the future!
