An essential component of the philosophy at K.I. SAMEN is the importance of a solid maternal line. A family of proven performers is the Dirndel line. It's no surprise that K.I. SAMEN has used the services of various bulls in this family. This line has scored resounding success with breeding bulls such as Santana and more recently Ashburton. In the form of Weggelhorster Wind of Change (Surefire x Peinzer Boy x Shottle) the Dirndels have once again produced a bull set to prove his worth.

Surefire, Change's sire, is a bull stationed in the USA who benefits from a top flight, all round inheritance profile. This Ramos son transmits high milk production and scores well for somatic cell count, fertility and durability. His daughters are well-developed, broad framed cows with good legs and udders (with a slightly wider rear teat placement). Thanks to his aAa-code (645) this bull has been widely used on farms that utilise the aAa system.

Change's dam heritage, the Dirndel family, is a well-known and highly successful maternal line for K.I. SAMEN (see above). Starting with the grand dam of Change, Dirndel 27 (EX 90), we are talking about six generations of Dirndels who all noted lifetime production of at least 60,000 kg of milk. They also offer excellent conformation (all...
