K & L Sonni (VG 89)
(dam of Thomas WH)

BULL INFORMATION

Name	W.H. Thomas	Date of birth	2007-12-27
Herdbook number	NL 490302860	Gestation length	283
A.I.-code	36745	Kappa Casein	AB
aAa code	342	Beta Casein	A2/A2
colour	ZB	Cow family	Sonni
Breed	100% HF	Straw colour	Beige

W-H Thomas (Fortune x Goodluck x Rudolph) is a bull with a lot of angularity and descending from a for K.I. SAMEN very famous and successful dam line. This Sonni-line is known for its top conformation and longevity and has delivered already several proven bulls. As well Holstein (Niveau) as red & white (Trademark, Expensive and Sonlight), all of them find its origin in this family and made it to the bull chart of K.I SAMEN.

Similar to the dam line is also the sire line known for the strong conformation. Fortune, sire of Thomas WH, inherits a balanced very good conformation with superb udders. Besides this have the Fortune daughters a very high protein capacity and fine management traits.

The dam line of Thomas WH is, as described above, a special and successful family on several areas. The conformation strength in these cows is of an extraordinary high level (89 x 87 x 92 x 90 x 89 x 94 x94) what in combination with the high production performance resulted in several cows with lifetime productions of more than 100.000kg. Most famous cows who reached to this great performance are Louis daughter Sonni (EX 94 and tribe cow) and Sonni 84 (EX 92 and great granddam of Thomas WH). Both cows became champion on a national show (Sonni at the NRM and Sonni 84 at the HHH show)....
