colour	ZB	Cow family	Pietje
Breed	100 % HF	Straw colour	Paars

A new branch of the Skalsumer Pietje family tree! Paw Patrol brings the well-known Pietjes cow family once again to the forefront of herd improvement. The family that enjoyed a national and international reputation for its influential bulls including Sunny Boy and Jorryn, proves its ability to still deliver AI bulls some years later.

Paw Patrol was sired by Parfect. His dam is Skalsumer Pietje 1055, an imposing, extremely high yielding cow with milk that has exceptional component percentages: exceeding 5% for fat and 4% for protein. Pietje 1055 (s. Jetset) is a full sister of breeding bull Skalsumer Pilates. Through daughters by Danno, Sudan, Oman, Addison and Jabot we arrive at Pietje 239, a full sister of Sunny Boy.

Paw Patrol is an impressive, attractive and balanced black bull with correct legs and claws.
